## 2025 ACADEMIC YEAR

---

### UPDATES AND IMPORTANT ADVANCES IN THE STRAUMANN IMPLANT SYSTEM

**Thursday, January 30, 2025 at 6:30PM | Cabana Hotel, Palo Alto CA**

**Speaker: Dr. Robert Vogel**

**3 C.E. Units**

This fast-paced program will cover state-of-the-art advances in the Straumann/ITI system, practical and biologically based techniques, and tips and tricks for restoring dentists.

Topics covered will include:

- New Straumann Implant lines such as BLX, BLC & TLC.
- New and evolved TorcFit®, Restorative/prosthetic connection replacing previous connections.
- In-depth introduction to components and techniques vital to restoring the new prosthetic platforms.
- Reducing complications. The latest strategies on proper abutment design to minimize complications.
- Principles of Occlusion specific to implant dentistry.
- Managing occlusion in mixed, tooth, and implant-supported restorations
- Importance of abutment design to reduce complications and improve retention.
- Updates on Fee Determination and codes for insurance billing.

### **DR. ROBERT VOGEL**

graduated from Columbia University School of Dental and Oral Surgery and completed a combined residency at Jackson Memorial Hospital, Mount Sinai Medical Center, and Miami Children's Hospital. He practices implant prosthetics full-time in Palm Beach, FL, and lectures internationally on implant dentistry, emphasizing treatment planning and team collaboration.
